

**ASP/VB .NET Developer (contract to perm)**

Do you have one to two years of experience coding ASP.NET and VB .NET? Are you considered an excellent programmer? Do you seek variety in your work coupled with knowing your opinion is heard? Then join Aelera Corporation's ([www.aelera.com](http://www.aelera.com)) team in the Savannah-based development center.

Carrington Resources, an Atlanta-based staffing firm, is seeking two to three, top-notch team members for Aelera Corporation's Savannah-based development team. Reporting to the project manager and working with the technical lead, you will work on a variety of telecommunications and broadband systems doing both new development and maintenance/enhancement projects.

**Required:**

- Two years of ASP/VB .Net programming working from technical specifications
- Visual Basic 6.0
- Complex SQL queries (preferably Oracle PL/SQL)
- Solid Object-Oriented Development skills
- Bachelors degree in Computer Science or related field
- Local to the Savannah metro area
- Team player mentality
- Self-motivation
- Excellent communication skills

This is a contract to perm opportunity with an immediate start date.

Please send your resume, availability and salary/rate requirement to Pam at [recruiting@carringtonresources.com](mailto:recruiting@carringtonresources.com).
