Proposals for special sessions should not exceed two pages in length, and should contain the following information:

1. Title of the session
2. Name of the organizer(s) and their full contact details (e-mail and postal addresses, fax and telephone numbers)
3. A short synopsis of session objective (max. 100 words)
4. Brief descriptions of the relevant expertise of the organizers
5. A tentative list of papers in the proposed session. At least three session papers have to be submitted by May 1, 2006.

It should be noted that acceptance of a special session proposal does not imply that all papers submitted to the special session will be automatically accepted. All papers will still have to undergo peer-review. As a guideline, the special session chair should target to have at least 5 papers to be accepted.

To propose a special session, please email your proposal to Dr. Ashraf Saad (ashraf.saad@gatech.edu), General Chair of WSC11, and/or to Dr. Erel Avineri (erel.avineri@uwe.ac.uk), Program Chair of WSC11. The proposals will be evaluated and notification of acceptance/rejection, details and additional deadlines will be provided once a decision has been reached on each proposal.
